

An open letter from your Hub trustees,
- Heveningham, Ubbeston and
Huntingfield's vibrant village hall.
www.Hub4All.org

Dear Friends,

There's lots of interesting things going on at your Hub just now, so as the festive season gathers pace we thought readers of *The Hare* might appreciate a 'good news' update.

Post-Covid, most of the Hub's traditional activities have now returned and are in full swing week in, week out. There's something for everyone - yoga, Zumba, bingo, monthly 'brunches', table tennis and the Rural Coffee Caravan calls frequently. Until recently regular activities included language, writing and music classes too, and hopefully will again before long. Plus, there's the Kids' Club every fortnight, monthly visits from the mobile library and a major new resource just starting is the 'warm space' initiative, available to everyone in the three villages who cares to use it, open from early December, times to be advised.

It's your Hub. But of course it's people that make the Hub go round, so your input is welcome, wanted and needed, to help your Hub truly take off. You may have noticed a suggestion box has appeared outside the Hub, into which you can post your comments, thoughts and ideas, so you can help make the most of your Hub. All suggestions seriously considered.

Coming up - an open meeting, all welcome

Scheduled for early 2023 (we'll announce the date soon as we can), you're invited to come along to meet all the people who make the Hub what it is and see how, with your help, together we might make it even better. Hear our plans, ask questions, raise issues and concerns. Please do come along to show your interest in and commitment to your local Hub.

Yours, the Hub trustees,

Sara Back, Jim Wardale, Allan Pike, David Burrows and Ken Burnett
NB all trustees volunteer their time for free.
